

TERRIBLE FIRE IN KANSAS CITY THIS MORNING

Occupants Of Fourth Floor Of Chamber Of
Commerce Tenement Building Were
Caught In Horrible Death Trap.

THIRTY BURIED UNDER THE DEBRIS

Men, Women, And Children Clung To Window Sills Which
Firemen's Ladders Were Unable To Reach---
Some Of These Were Saved But Others
Fell And Were Killed.

[BY ASSOCIATED PRESS.]
Kansas City, Kas., Oct. 25.—In the
ruins of the Chamber of Commerce
building, which was destroyed by fire
early today, there are anywhere from
half a dozen to thirty bodies, accord-
ing to estimates of firemen who work-
ed at the scene all night. The actual
death loss will not be known until a
thorough search of the ruins can be
made.

Three Hundred in Building
The building, used as a tenement
house and containing 300 rooms,
was occupied by 200 or 300 persons
at the time the fire broke out. Most
of these were composed of families, but
many others were transients from the
railroad yards whose names are
unknown.

Janitor Lost
The only person who knows the
total number of the occupants of the
building is the janitor, who is believed
to be under the debris. The known
dead number four. Several persons
are missing and close to fifty others
are known to have been injured.

Blaze Started on Ground Floor
The cause of the fire is unascertained.
The blaze broke out on the
ground floor of the building and the
flames spread rapidly. When the fire-
men reached the scene all means of
escape by the stairways for scores of
occupants had been shut off.

Ladders Too Short
Men, women and children were
clinging to window sills, being unable
to find means of escape. The ladders
of the firemen were too short to reach
the fourth story and men tossed their
wives and children to the firemen on
the ladders below and then jumped
for their own lives. The fire-fighters
were successful in catching many of
the persons, but those few who fell
to the ground were either killed or
severely injured. It is believed that
all of the occupants of the first, second
and third floors were saved, the
fatalities occurring among those living
in the fourth story.

Janitor Is Located
Kansas City, Kas., Oct. 25.—The
janitor of the building, the only man
able to approximate the number of
persons in the structure, has been
found. He says there were thirty
families in the building, numbering
over a hundred persons. He admits
that a number of transients also oc-
cupied rooms last night, but is unable
to say how many or furnish names.
The total financial loss is estimated
at a hundred thousand dollars.

Saves Wife and Babe
H. G. Wilson pitched his wife from
the fourth floor to the firemen on the
ladders below and then with his young
baby jumped into the arms of the
firemen himself.

The firemen carried out about 30
people who were unable to escape
without assistance.

Jesse Ford, a laborer, with his wife
and young baby in his arms, climbed
out of a room on the fourth floor and,
walking along a beam to a point di-
rectly above the firemen, dropped his
wife and baby safely to them. He
himself jumped and was saved by the
firemen.

The infant child of John Sparks was
burned to death.

Among the injured are:

Thomas Hunter, blacksmith, bruised
and overcome by smoke.

Patrick Morley, railroad laborer, hip
broken.

A. H. West, bruised, overcome by
smoke.

Frank Betar, railroad man, fingers
of both hands broken and body
bruised.

Capt. J. E. Butchalter, fireman,
back hurt by falling ladder.

M. H. McCall, railroad laborer, badly
bruised.

A. J. Jackson, badly bruised.

VARSAITY INVESTIGATION ENDS IN CONGRATULATION

Committee Had No Bomb To Spring When It
Reported To Governor Davidson
Today--Only Kind Words For
President Van Hise.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., Oct. 25.—President
Van Hise has reaped only additional
appreciation from the investigation of
the University of Wisconsin. A long
inquiry was conducted, during the
progress of which many bad condi-
tions were found to prevail in the

**LA FOLLETTE CALLS
DAVIDSON INFERIOR
OF IRVING LENROOT**

But Is Supporting Him Because He
Will Not Retard the Reform
Movement in Wisconsin.

[SPECIAL TO THE GAZETTE.]
Stoughton, Wis., Oct. 25.—"I am
supporting James O. Davidson for go-
vernor of Wisconsin, because I believe
he will not retard the reform move-
ment in this state, but I still believe
he is inferior to Irving Lenroot,"
said Senator Robert M. La Follette
in a speech under the aus-
pices of the Dane County Republi-
can committee here today. Otherwise
he did not mention his defeat at the
primaries last month and spoke gen-
erally on representative government.

MUST PRODUCE THE RECORD OF RATES

Chairman of East Bound Freight Com-
mittee of St. Louis Terminal As-
sociation Given Order.

[BY ASSOCIATED PRESS.]
St. Louis, Mo., Oct. 25.—In federal
court today Judge Flinnberg de-
cided that Robert H. Frazier, chairman
of the east bound freight committee,
must produce before the commissioner
all records of the committee that are

wanted by the government in its
ouster suit proceedings against the
Terminal Railroad Association. Frazier
was recently constructively placed
under arrest for refusing to produce
records at the hearing.

BRYAN APPRECIATES INDIANA'S STAND

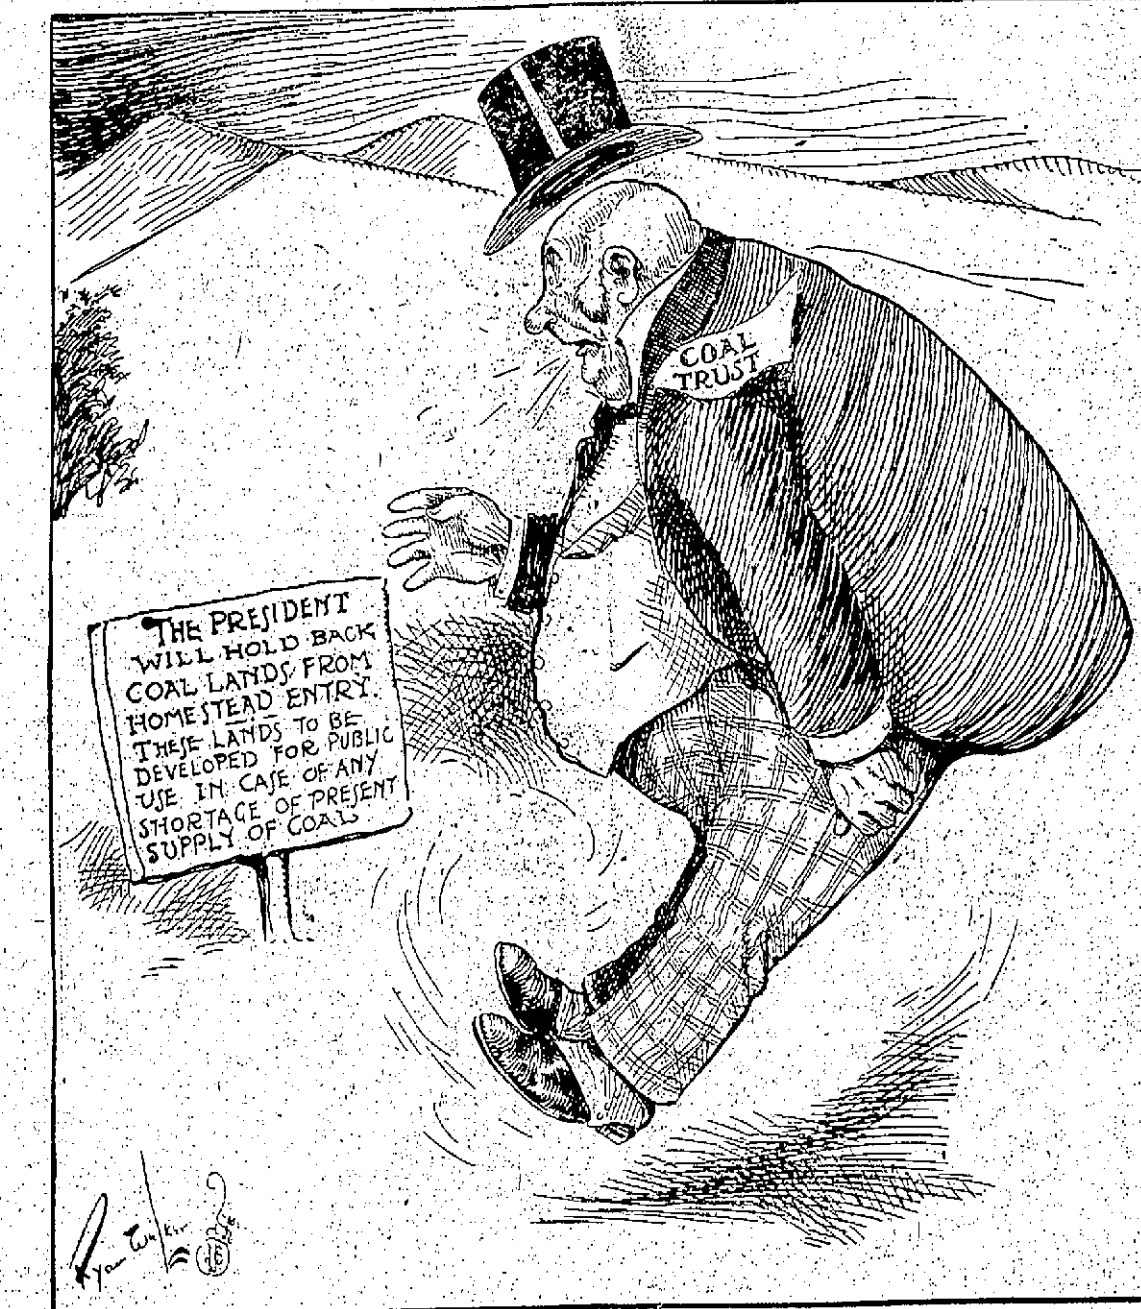

Says So in an Open Letter to the
State Committee Which Was
Read Today.

[BY ASSOCIATED PRESS.]
Indianapolis, Ind., Oct. 25.—An open
letter to the democrats of Indiana
from William J. Bryan was made pub-
lic at the headquarters of the demo-
cratic state committee this afternoon.
The letter expresses appreciation of
the endorsements given Bryan by the
state convention and urges every dem-
ocrat to go to the polls as it is easier
to bring democrats to the polls than
it is to convert republicans.

ENGLISH SCHOOLS TEACH RIFLE'S USE

Hereafter Shooting Will be Included
in the Curriculum of Element-
ary Institutions.

[BY ASSOCIATED PRESS.]
London, Oct. 25.—Rifle shooting
will hereafter be included in the cur-
riculum of the elementary schools of
this country.

The Coal Trust—Ah! ha! This sort of thing gives me heart failure! The President will shortly issue an order withdrawing all supposed coal lands from homestead entry—to be held in reserve for coal shortage.—News Item.

FLOATED IN RIVER; HANDS CROSSED; GLASSES ON NOSE

Disappearance of Aged Green Bay
Man Solved by Finding of Body;
Manner of Death a Mystery.

[BY ASSOCIATED PRESS.]
Green Bay, Wis., Oct. 25.—Charles
Foster, an aged man who has been
missing two weeks, was found dead,
floating in the Fox river with his
hands crossed and his glasses on his
nose. The manner of his death is a
mystery.

BEER BOTTLE BLOW MAY PROVE FATAL

Marine Man Lingered Between Life
and Death in Milwaukee—Alleg-
ed Assaulters Arrested.

[SPECIAL TO THE GAZETTE.]
Milwaukee, Wis., Oct. 25.—John T.
Ryan, a marine man, was nearly killed
on the streets here by two thugs, one
of whom struck him over the head
with a beer bottle. Four dollars was
secured from his person. Blondy
Miller and Frank Kelley were ar-
rested this morning as suspects, but no
charges will be preferred against them
immediately, Ryan still being between
life and death.

ASSOCIATED PRESS OFFICER IS DEAD

Former Superintendent of East Di-
vision Succumbed to Consump-
tion in California.

[BY ASSOCIATED PRESS.]
Santa Ana, Calif., Oct. 25.—Frank
W. Mack, formerly superintendent of the
eastern division of the Associated
Press, died here last night of con-
sumption.

SECOND MONUMENT TO LATE WAR DEAD

Second Regiment Massachusetts Vol-
unteers in Spanish-American
Conflict Honored.

[SPECIAL TO THE GAZETTE.]
Springfield, Mass., Oct. 25.—A
handsome monument in honor of the
dead of the 2d regiment of Massa-
chusetts, United States Volunteers,
was unveiled today with interesting
ceremonies. The memorial is, with
the exception of one at Los Angeles,
the first to be erected to men of the
Spanish war. The statue shows a
soldier of El Caney, molded in bronze,
standing on a pedestal of granite,
bearing tablets with the names of the
soldiers of the regiment who were
killed or died during the Cuban cam-
paign.

The condition of Henry Bath of
Cincinnati, who was taken to the
Flower hospital in New York after
being stricken with apoplexy, is great-
ly improved.

Grover Cleveland has entirely re-
covered from his recent indisposi-
tion. He is now staying at the Buck-
ingham hotel in New York.

Minori Arakawa, Japanese minister
to Mexico, arrived in New York on
the Majestic from Europe.

ENGLISH TO STUDY AMERICAN METHODS

Representatives of Britain Here to
Learn How Geological Maps
Should be Made.

[SPECIAL TO THE GAZETTE.]
Washington, D. C., Oct. 25.—Major
C. F. Close and Captain Firth of the
topographic division of the British
ordnance survey are expected in
Washington next week on a mission
that is without precedent in the his-
tory of the friendly relations between
the United States and Great Britain.
The purpose of the British officers in
coming here is to study the map mak-
ing system of the United States. The
British ordnance survey makes the of-
ficial maps for the British empire. It
is reputed to be the foremost organiza-
tion of its kind in the world, but at
the same time there are some points
in which the map-makers of the
United States geological survey excel.
One of these in particular is the sys-
tem of printing maps in three colors,
brown for the contours, blue for the
rivers, and black for the roads and
towns. The method has been copied
from the United States by the French,
Swiss and German governments, and
it is expected that England will fol-
low suit. During their visit here the
British officers will be afforded every
facility for investigation by the war
department, the geological survey, and
the coast and geodetic survey.

FRENCH PARLIAMENT TO CONTINUE BOUT

Will Spend Nearly Entire Session in
Wrestling With Problem of
Church and State Relations.

[SPECIAL TO THE GAZETTE.]
Paris, Oct. 25.—The session of the
French parliament, which was opened
today with the customary formalities,
is expected to be one of the most im-
portant of late years. Practically
the entire session, it is believed, will
be devoted to the vexed church and
state separation question.

SHIPS FEARED LOST IN GALE ON LAKES

Eric Swept by Forty-Mile Blast and
Huron Lashed into Fury by
Thirty-Mile Wind.

[BY ASSOCIATED PRESS.]
Detroit, Mich., Oct. 25.—Gales are
reported on all of the Great Lakes
today and vessels fear a loss of
life and ships may be the result. Lake
Erie is swept by a forty-mile gale,
and on Lake Huron the wind is blow-
ing from twenty to thirty miles an
hour.

POPE, LANGUID AND PALE, IS ON THRONE

His Holiness Received English Pil-
grimage Today Though Suffer-
ing with Gout.

[BY ASSOCIATED PRESS.]
Rome, Oct. 25.—Pope Pius today re-
ceived the British Pilgrimage in the
throne room. His Holiness was car-
ried to the throne and the pilgrims
kissed before him, kissing his hands.
Although the pontiff was languid and
pale his general condition seemed sat-
isfactory.

NATIONAL W. C. T. U. MEET AT HARTFORD

Annual Session of Great Anti-Drink
Organization Will be Opened
Tomorrow.

[SPECIAL TO THE GAZETTE.]
Hartford, Conn., Oct. 25.—Every
train arriving in Hartford today
brought its quota of delegates to the
annual convention of the National
Woman's Christian Temperance
Union, which is to begin its session
here tomorrow. The register at con-
vention headquarters indicates that
the attendance will probably eclipse
that at any previous convention of the
organization. Nearly all of the promi-
nent foreign leaders who were present
at the world's W. C. T. U. convention
in Boston last week will be in Hart-
ford and will speak before the con-
vention of the national organization.
Mrs. L. M. N. Stevens of Maine will
preside over the sessions.

ROCK THE THIRD RICHEST COUNTY IN BADGER STATE

Will Pay \$20,001.53 Into the State
Treasury This Year—Half of
What Was Paid Last Year.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., Oct. 25.—Rock county
is the third county in the state of
Wisconsin with respect to the amount
of taxes to be paid this year. As this
sum is based upon the assessed valua-
tion, it may be assumed that Rock
county is surpassed in wealth only by
Milwaukee and Dane counties.

This year Rock county will pay
\$20,001.53 of taxes into the state treas-
ury. This is about half what was paid
last year, and only a quarter of what
the law provides as the total levy that
might be charged Rock county. The
difference is the result of the remis-
sion of taxes determined upon Monday
by Governor Davidson, with the sec-
retary of state and state treasurer.

The figures computed in the office
of Secretary of State Houser yester-
day, representing the amount of taxes
to be paid by the several counties of
the state this year, are comparatively
small, being only about half what they
have been for the last three pre-
ceding years, and only about one-
fourth of what the law authorizes to
be collected. Had no remission of all
the state and half of the so-called mil-
l tax for schools been made, the amount
to be paid by Milwaukee county would
be over \$500,000. It is only \$126,735.06.
This of course is the largest contribu-
tion of the list of counties. Dane coun-
ty comes second, with a tax of \$29,
338.78. Dane would be charged about
\$17,000 had it not been for the remis-
sion that was made by Governor
Davidson; Secretary of State Houser
and Treasurer Kempt Monday. The
total tax to be collected this year is
\$643,680 and each county will receive
back from the state more than it pays.
The money that will be apportioned
back to the counties will be for
schools and the aggregate amount will
be just twice the total of the taxes
collected.

To Banquet Lipton.

New York, Oct. 25.—The Brooklyn
Yacht club has completed elaborate
arrangements for a banquet at Sir
Thomas Lipton, who has returned to
New York from his western trip. Sir
Thomas has accepted an invitation to
visit Boston next week.

THOUSANDS ILLINOISANS ON FIELD OF VICKSBURG

Will Dedicate Memorial Temple To Soldiers
Who Fought And Fell In Historic
Siege Of Civil War.

[SPECIAL TO THE GAZETTE.]
Vicksburg, Miss., Oct. 25.—Special
trains that reached this city today
brought hundreds of veterans and other
visitors from Illinois to attend the
dedication of the \$200,000 temple
monument erected in the National
Park to the memory of the Illinois
soldiers who fought and fell in the his-
toric siege of Vicksburg. Governor
Deneen and other official representa-
tives of Illinois, the members of the
state commission, and the First Regi-
ment, I. N. G., of Chicago, are among
the arrivals. Governor Vardaman of
Mississippi and Governor Blanchard of
Louisiana, with many veterans of the
two states, have accepted invitations
to participate in the ceremonies.

A citizen's committee of leading
business men is looking after the com-
fort of the visitors and assigning them
to homes for the three days that they
will be here. The exercises of the
week open with a public reception to
the visitors tonight. Tomorrow the
grand parade to the memorial and the
dedication will take place. A
thousand or more soldiers will be in
the procession. The oration of the day
is to be delivered by the Hon.
William J. Calhoun of Chicago. On
Saturday there will be an inspection
of the Illinois markers and monu-
ments scattered throughout the mem-
orial park and a joint campfire of
Union and Confederate soldiers will be
held in the pavilion of the Country
Club in the evening.

The Illinois monument is one of the
handsomest and costliest war memori-
als ever erected in the United States.
The monument is in the form of a ro-
tunda or circular temple and bears
considerable resemblance to the Grant
memorial in New York City. The
temple is nearly six feet in diameter,
and from the base to the top of the
dome the height is sixty-two feet.
The entrance is through a Tetrastyle
McAllister Illinois Battery.

Doric portico thirty-two feet wide and
projecting fourteen and one-half feet
on the south facade of the temple.
The pediment is supported by four
immense columns. The face of the
pediment is ornamented with a sculp-
tured group representing History en-
rolling the names of the Illinois sol-
diers and sailors who took part in
the great campaign and siege from
March 29 to July 4, 1863. On the
frieze is inscribed in raised letters the
word "Illinois."

Around the exterior of the temple
are engraved in bold letters the well-
known phrase from Lincoln's inaugu-
ral: "With malice towards none, with
charity for all," and the last phrase in
General Grant's farewell order to the
army: "Let us have peace."

The interior walls are covered with
bronze tablets bearing the names of
all the Illinois soldiers who took part
in the siege of Vicksburg, according
to the organizations of infantry, artil-
lery and cavalry to which they be-
longed, respectively. Directly oppo-
site and facing the entrance is a large
bronze panel, upon which is inscribed
in appropriate phrase the date of
dedication, the names of the members
of the state commission, etc. Immedi-
ately above this large panel is inscrib-
ed the name of Abraham Lincoln, and
immediately underneath the name of
Richard Yates, the war governor of
Illinois. On the right is the name of
Ulysses S. Grant, and to the left that
of General John A. Logan.

The site of the temple is one of the
most conspicuous and commanding in
the military park. It is upon a small
knoll on the north side of the Jackson
highway, a few hundred feet from the
Shirley residence, which during the
siege was known as the "White
House," and is within sixty rods of
the strongest of the Confederate de-
fenses known during the siege as
Fort Hill. Upon the same site was
located during the siege the famous
McAllister Illinois Battery.

ASKS FAIR TREATMENT FOR UNCLE SAM'S JAPS

Viscount Aoki Wants Treaty Of 1894 Observed
Secretary Root Calls On Japanese
Government To Arrest Poachers.

[BY ASSOCIATED PRESS.]
Washington, D. C., Oct. 25.—Vis-
count Aoki, Japanese ambassador, at
a conference with Secretary Root to-
day, made a request in behalf of his
government that the United States
should see that Japanese subjects in
California are accorded their full
rights under the treaty of 1894, includ-
ing the privilege of having their chil-
dren freely attend the public schools.

of San Francisco. The secretary will
take the matter up with the Presi-
dent.

Must Punish Poachers
Washington, D. C., Oct. 25.—Sec-
retary Root has requested the Japanese
government to cause the arrest and
punishment of the Japanese poachers
who attempted to land on the seal is-
lands of Alaska recently and who es-
caped to Japan after some of their
party had been killed.

CONVENTION NOTES: ORGANIZATIONS OF MANY VARIED KINDS

[SPECIAL TO THE GAZETTE.]
Aurora, Ill., Oct. 25.—The thirty-
fourth annual state convention of the
Illinois Young Men's Christian Asso-
ciations opened in Aurora today with
an attendance that justifies the expec-
tation that the present gathering will
be the greatest in the association's
history. The day was given over to
the reception of the delegates and the
completion of the final details of the
convention program. Dr. Frank W.
Gunsaulus of Chicago, delivers the
opening address this evening, taking
as his subject, "George Williams, the
Founder of the Y. M. C. A." Other
leading features of the convention,
which will be in session until Monday,
will be a series of Bible studies con-
ducted by Don O. Shelton of New
York, and addresses by Dr. Ira Lan-
drith of Nashville, Tenn., L. W. Mes-
ser of Chicago, Fred B. Smith of New
York, and others. The music which
is one of the attractive features of the
program, is under the direction of C.
B. Willis of Milwaukee.

Under Stars and Bars
Dallas, Texas, Oct. 25.—Hundreds of
visitors were in the city today to at-
tend the opening of the annual re-
union of the Texas division of United
Confederate Veterans. The meeting
was called to order shortly before 10
o'clock. City hall was packed to the
doors when, after a prayer, Gen. H. W.
Graber introduced Mayor Curtis P.
Smith of Dallas, who welcomed the
visitors. M. H. Thomas delivered a
greeting on behalf of the Dallas Com-
mercial Club. Gen. Graber then turned
the convention over to Gen. Van
Zandt of Fort Worth, the division com-
mander, who introduced Hon. T. M.
Campbell, the next governor of Texas.
Mr. Campbell was received with en-
thusiastic cheers and at the conclusion
of his address there was another round
of vociferous applause. The afternoon
session was devoted exclusively to
the business of the convention. Sena-
tor Culbertson will address the reu-
nion tomorrow afternoon.

Michigan Pedagogues
Battle Creek, Mich., Oct. 25.—The
Michigan State Teachers' association
began its fifty-fourth annual meet-
ing here today with an attendance,
the largest in the association's history.
The visiting teachers began arriving
yesterday, and today each incoming
train brought large delegations from

all parts of the state. The sessions
are being held in the Seventh Day Ad-
ventist tabernacle, the largest church
in Michigan. The homes of the city
have been thrown open and ample en-
tertainment has been provided for all.
Tomorrow the association will begin
the real work. Prominent among
those who will address the convention
are N. C. Shaeffer of Pennsylvania,
former president of the National Edu-
cational association; Prof. Vincent of
the University of Chicago; Principal
Waldo of the Western Normal School
and Miss Laura Fisher of Boston.

Minnesota Librarians
Austin, Minn., Oct. 25.—The four-
teenth annual meeting of the Minne-
sota Library association commenced
here today and will continue till the
end of the week. Library work in all
its phases will be discussed, includ-
ing the management of city libraries,
traveling libraries and libraries for
schools and rural districts. Librari-
ans from Minneapolis, St. Paul and
other cities are here to address the as-
sociation.

D. A. R. in Session
Worcester, Mass., Oct. 25.—The city
is filled with prominent women from
all parts of the state, gathered to at-
tend the annual meeting of the Mas-
sachusetts Society, Daughters of the
American Revolution. The opening
took place this afternoon in Tucker
man hall, Mrs. Charles H. Masury of
Boston presiding. A number of bril-
liant social functions are planned in
honor of the delegates.

Kansas Library Association
Lawrence, Kas., Oct. 25.—The Kan-
sas Library association began its an-
nual meeting here today with a good
attendance. The association will con-
tinue in session over tomorrow.

Medical Society Anniversary
Paris, Ill., Oct. 25.—The Aesculapian
Society of the Wabash Valley, the
oldest medical society in this section
of the country, celebrated its sixtieth
anniversary with a reunion here to-
day. Many prominent physicians and
surgeons of eastern Illinois and west-
ern Indiana attended the gathering.

ARGUMENTS**

Oral or written are in favor
of advertising. The business
advertising will not benefit
would be worthy a patent. If
a merchant wants to keep in
the spotlight of publicity, ad-
vertising is the one and only
thing that can and will turn
the trick. He may balk at the
expense at first, but when the
year's business increases, is
cast up he is as sweet (on ad-
vertising) as a jug of sorghum
and as smiling as a basket of
chips. The dear public has
not only paid his ad-
vertising bills, but passed him
a net profit to boot.

That is if his advertising
has been judiciously placed.
There is but one judicious
place for the Janesville mer-
chant (unless he is in the
mail order business)—the me-
dium in which there is no
waste circulation to pay for.
The Gazette is that medium.

ARREST IT—\$50 REWARD

A small sample bottle of Ec-zine will
be sent free to every reader of the Gazette
who is suffering from any kind of skin
disease or eruption—Eczema, Blood Poison,
Pimples, Sores, Miliaria, Cancer, Rheumatic
Pains or any other form of Virus disease
or sore of any kind or nature.
\$50 reward will be paid for any case of
Eczema that is not promptly cured by
Ec-zine. Ec-zine will heal any sore or
cure the worst skin and make it look like
velvet. Thousands cured daily. Never
mind what you have tried, forget the
failures made by other remedies and send
for free sample of Ec-zine. Write giving
address and send direct to me. State nature
of disease and years of suffering. Address

PRACTICAL SIDE
OF GOOD ROADS
MOVEMENT-- BY
CAPT. NORCROSS

PRESIDENT OF COUNTY ASSOCI-
ATION SAYS THAT EVEN IF IT
BE AN AUTOMOBILE OWN-
ERS' PROPAGANDA

IT IS VITAL TO THE FARMER

Notwithstanding, inasmuch as His
Potato Patch Will Soon Be Furnish-
ing Traction for His Vehicles—
Suggests Improved Highway
from Beloit via Janesville to
Edgerton, as a Starter.

Capt. Pliny Norcross, the newly
elected president of the Good Roads
Association, is not going to allow the
good roads movement in Rock county
to end as it began—in talk—if he can
help it. In a very interesting and timely
communication he takes up some of
the aspects of the problem—the diffi-
culties in the way of securing state
aid, the farmer's suspicion that the
automobilist is the real chap who is
fostering the propaganda, and so
forth, and in conclusion suggests a
practicable and plausible plan for the
beginning of local road reform.

Editors Gazette: A week ago last
Monday a good number of Rock county
people listened to addresses from
Capt. Wm. H. Moore, president of the
National Good Roads Association of
America, and from Mr. W. E. Loucks,
an organizer of the same association,
upon the subject of good roads in this
county and state. The listeners were
entertained and instructed.

All agreed that good roads are de-
sirable. I have talked with quite a number
of farmers since that meeting. All of
them concur in the opinion that good
roads are desirable, but they seem
uncertain as to the method of
securing them. They think the ex-
pense is beyond the lines of economy.

Others insist that several towns in
this county already have very good
gravel roads.

The town of Milton is one of such
towns. Mr. Ezra Goodrich has done
good work there.

But I think that it is generally con-
ceded that we get but a small return
for the large amount of money ex-
pend for road repairs. The books
show an annual outlay of about \$42,000
by the towns alone, omitting the out-
lay of the cities.

Foolish, Wasteful Practices
The sad feature about this whole
matter is that by our present system
we are not really improving the
roads very much.

Only a small part of our roads are
any better now than they were forty
years ago.

Generally we plow a few furrows
on each side of the road; then scrape
the newly-plowed furrows into the
center of the road—stones, weeds, sod
and all. After this the teams keep to
the side of the road, as the middle is
impassable, especially after a rain.

But the road tax has been paid and
that seems to be the main thing. If
this foolish, wasteful practice could
be abandoned it would be an improve-
ment, and such work as I have named
does not improve any road. The road
is really in better condition for travel-
ing before receiving such treatment.

Many other states have adopted a
better system and the experience of
other states shows that the people
favor the new system, even if it is
more expensive at the outset. Our
county has a great abundance of the

Piles

Suffered for 23 Years—Tried
Everything Without Avail—
"Pyramids" Doing the
Work.

A Trial Package Mailed Free To All.
The rectum like the mouth, is
lined with that soft, satiny material
known as mucous membrane. Piles
is a disease of that membrane and
the blood vessels that lie under it.
Fissure and Fistula affect the same
membrane and belong to the same
family. Pyramid Pile-Cure slipped in-
to the bowel, melt and spread into
the diseased and diseased and painful
surface and act just as a salve would
if the trouble was on the outside of
the body and could be easily seen and
gotten at.

The immediate relief they give
even in the most agonizing cases will
startle you, as it has already startled
many thousands of "doubting Thom-
ases" before you, who have tried ev-
erything and sent for the sample
package, firmly convinced that they
would only be disappointed.

But they weren't. Pyramid Pile-
Cure don't disappoint. They cure.
They are for sale by all druggists at
50 cents a box and are worth an
even hundred to the person who
needs them.

This is to certify that I have used
three 50-cent boxes of Pyramid Pile Cure
and it has benefited me more than
any other pile remedy I have ever
used. I used sample which you sent
me, together with the three boxes
and I am so much better, but not en-
tirely cured, as my case is one of
twenty-three years standing. I did
not expect to be cured all at once. I
had almost lost all hope of ever get-
ting any remedy that would help me
until I tried Pyramid Pile Cure. I
believe they will entirely cure me if
I continue their use which I intend
doing so long as I can get money to
pay for them. I do not think any
one ever suffered very much more
than I have at times. Then I
would be so nervous I could not get
any case in any position I could place
myself.

I cannot express my gratitude for
the good your medicine has done for
me. I will continue to tell my friends
of their merit. Yours, Emma Bod-
endahl, Bedford, Ind.

Or if you want to prove this mat-
ter at our expense, before purchas-
ing, send your name and address to
the Pyramid Drug Co., 56 Pyramid
Building, Marshall, Michigan, and re-
ceive a trial package free by return
mail.

very best material for good and per-
manent work.

Intelligent Use of Material
What we wish more than anything
else is a practical, uniform system
for using this good material.

If we could build a few miles of the
main thoroughfares in the proper man-
ner each year we would in ten or fifteen
years have a large mileage of ex-
cellent highways.

The National association desires to
help us in this enterprise—not by
furnishing the money required, but in
showing us how to do the work in
the most prudent manner.

Element of Expense
The only strong opposition to the
whole scheme lies in the large ex-
pense which would be incurred.

We do not wish to pay the increased
tax.

Let us consider this feature of the
case.

At present we are paying out quite
a large sum of money each year and
get no adequate return therefor.

If we could adopt a better system
we would pay out more money for a
few years, but we would get a much
better return for our increased in-
vestment.

State Aid Problems
How shall we raise the money? In
other states having a difficult consti-
tution the state furnishes a part of
the required money; then the county
furnishes a part and the town a part,
and the abutting owners pay a part.

In some states this plan has worked
well—even the abutting owners
have been abundantly repaid by the
increased value of their land.

There are, however, some objec-
tions to this plan.

The old and settled counties of the
state are liable to be assessed for
building roads in the sparsely settled
counties of the state.

This is a matter to be considered.
We in this county have had our ex-
perience in the null tax law.

If, however, the state assisted only
such counties as were willing to pay
a good part of the expense, this ob-
jection might be eliminated.

Prejudice Really an Argument
Quite a number of farmers look upon
this movement as unbecomingly
automobile owners.

But think the time is not far dis-
tant when automobiles will be used
by farmers for transporting heavy
crops. If it is true that a good yield
of potatoes from one acre of ground
will furnish enough denatured al-
cohol to operate a good sized motor car
for a year, then I am sure that such
vehicles when strongly and cheaply
built will be more generally used.

Then, of course, good roads will be
an absolute necessity.

Suggests One Good Road
Conceding that we desire good roads
and that our only objection to them
is the large expense incident thereto,
I make this suggestion—

Let us build a good road from
Beloit via Janesville to Edgerton.

Let this road be built between the
towns of Beloit and Turtle and between
the towns of Rock and La Prairie,
through the city of Janesville and
northerly through the Reesling stone
quarry and through the towns of Har-
mony and Fulton to Edgerton. Such
a road is needed very much. There
are many places on that road where
it is almost impossible to haul a
heavy load. The hill just north of
the Hughes farm is a fair example.

This road runs through several
stone quarries and gravel pits and
over plenty of clay beds—just the
things for good roads.

When completed it would connect
the three cities by a grand boulevard,
which could be not only useful but
would be the pride and delight of every
citizen of this county.

If the three cities—six towns—
herein named should be assessed ac-
cording to their comparative values
as shown by the tax rolls and the full
payment of such road should extend
over a period of ten years, the burden
would be very light and the result
would be very acceptable.

Such a road would be an object les-
son. We could decide from this ex-
perience how to continue the good
work in other towns of the county. I
shall be glad to hear from anyone
concerned in this matter.

PLINY NORCROSS,
Pres. of Rock Co. Good Roads Assn.

PATENTS GRANTED

TWELVE BADGERS

T. L. Valerius, of Ft. Atkinson is in
the List with an Improved
Bottle-Filler.

R. W. Bishop, patent attorney,
Washington, D. C. reports the issue
of the following patents on the 23d
instant to residents of Wisconsin.

832,734. Screen-door hinge. Jacob
Diehl, Sheboygan.

832,750. Process of making sulfite
wood-pulp. Robert Roe, Jr., Niagara.

832,789. Colter. Thomas Machia,
St. Francis.

832,822. Neck-rope. P. E. Breck-
heimer, Elkhardt Lake.

832,847. Grind-heater. H. F.
Rietsch, Milwaukee.

832,946. Car-fender. Herman
Thiele, Milwaukee, assignor to The
Twentieth Century Life Saving Au-
tomobile-Fender Co., same place.

832,988. Bottle-filler. T. L. Valer-
ius, Fort Atkinson, assignor to Cream-
ery Package Co., Chicago.

834,008. Process of converting
heat into work. H. L. Doherty, Mad-
ison.

834,061. Hydrocarbon-burner. E. C.
Kahn, Milwaukee.

834,063. Means for lubricating ma-
chine-tools. E. J. Kearney, Wauwa-
tosa; and Theodore Trecker, West Ab-
ies, assignors to Kearney and Treck-
er Co., Milwaukee.

834,139. Duplicate-whist implement.
F. W. Chundrow, Fond du Lac.

834,219. Ratchet-wrench. G. H.
Young, Welcome, assignor to Abra-
ham Lorenz, Stevens Point.

ROCK COUNTY BOYS
ATTENDING COLLEGE
OF AGRICULTURE

Three Janesville Students and Two
Each from Milton and Edgerton
Are Taking the Courses.

The number of students enrolled in
the College of Agriculture at the
University of Wisconsin is larger than
ever. The registration in the four-
year course has just closed with an
enrollment of 135. Those from this
county are Wm. T. Crandall, Milton;
Jay D. Greene, Clinton; and Ray P.
Showalter, Janesville.

The short course in agriculture
does not begin until December 1st,
but the advanced registrar shows that
there are 258 young men who have al-
ready applied for admission. Those
from this county are Joseph Fisher,
Janesville; Alvin E. Garay, Edger-
ton; Clayton E. Fisher, Evansville;
W. D. Austin, Janesville; D. C. Smith,
Brooklyn; Martin Nelson, Milton; and
Curtis L. Jessup, Edgerton.

The short course is designed to
meet the needs of the busy young
farmer who cannot spare from the
farm only for a few weeks during the
winter months, but who, nevertheless,
feels the need of practical instruction
on every-day farm subjects. Every
young man, over sixteen years of
age, interested in farming, should
take this course. For application
blank and full particulars write to D.
H. Otis, Madison, Wis.

Ask your grocer for Mrs. Austin's Pa-
nake flour. Fresh and delicious.

ALL HALLOWS EVEN

FROLICS SCHEDULED

Mystery Parties Planned—Other So-
cial Functions Held and to
Be Held.

Hallowe'en with its parties and fro-
lics perpetuating the traditions and
mysteries of pagan days is almost at
hand. Young America will observe
the festival with the customary
pranks through the police will prevent
all damage to property, while many
little entertainments have been
planned. The leading idea respecting
Hallowe'en is that it is the time of all
others when supernatural influences
prevail. It is a night set apart for
the universal walking abroad of spir-
its, both visible and invisible.

The Misses Clara and Marian Blod-
gett have issued appropriate invita-
tions for a Hallowe'en party Saturday
night. They will be the hostesses of
a number of young ladies at the resi-
dence of their parents, Mr. and Mrs.
Frank Blodgett at 457 Court street.

A pretty costume party occurred at
the residence of Mr. and Mrs. F. H.
Buchholz at the corner of East street
south and Prospect avenue last even-
ing. The company was given in hon-
or of Miss Dorothy Wilson, daughter
of Mr. and Mrs. A. L. Wilcox and
granddaughter of Mr. and Mrs. Buch-
holz. Thirty-five young ladies and
gentlemen were guests and the even-
ing was enjoyably spent in games and
music. A delicious supper was served
early in the evening.

Manager Peter L. Myers of the
opera house tendered a banquet to the
leading members of the Standard
Opera Company after the performance
of "The Bohemian Girl" Tuesday
evening. The supper was spread in
the ordinary of the Hotel Myers where
the tables were decorated with palms
and cut flowers. Rudolph Berlier,
conductor of the company, rendered a
"violin solo" in response to the
applause given him played a number
of popular selections.

The farewell banquet tendered
Burns Brewer in the private dining
room of the Myers House last even-
ing proved a very enjoyable affair. A
sumptuous supper was served at seven
o'clock and a program of impromptu
toasts followed.

If you enjoy delicious, crispy brown pa-
nakes, try Mrs. Austin's.

DROPPED DEAD IN

A LONELY YARD

Heart Disease Claimed James Max-
well, At Ableman, Sometime After-
noon Tuesday Night.

James Maxwell, brother of Miles
Maxwell who resides on Eastern ave-
nue and a well known local stone-
cutter, was found dead in the yard of
the place where he was residing at
Ableman, located in Sauk county, west
of Janesville, at an early hour Wednes-
day morning. There was nothing to
indicate foul play and it is supposed
that heart disease was the cause of
his taking off. A friend at eleven
o'clock the previous evening, was the
last to see him alive. The sad tidings
reached the brother late yesterday
afternoon and he at once departed for
Ableman, returning with the remains
today. Deceased was about fifty-two
years of age. For some time he lived
at Adam Holt's hotel in this city. The
funeral will be held from the home of
Patrick Kennebec, on Eastern avenue,
at nine tomorrow morning and there
will be services at St. Patrick's church
at half past nine.

LOCAL OVERTURES TO

RINGLINGS SPURNED?

Madison Claims That The Winter
Quarters Of The Sells-Forpaugh
Circus Will Be In Her
Boundaries.

His Madison landed the winter
quarters of the Sells-Forpaugh cir-
cus, leaving Janesville, the original
circus town of Wisconsin, out in the
cold? Madison seems to think so. It
is claimed that the Ringlings have
bought 40 acres of land from J. F.
Pistler, on Sherman avenue and that
negotiations for the purchase of the
Hoven tract of 30 acres adjoining are
in progress. The land is situated on
the shore of Lake Mendota, not far
from the Northwestern and St. Paul
tracks.

PUBLIC OWNERSHIP
GRAFT FOR HEELERS

Investigations Show That Professional
Politicians Are Enriched While
The Taxpayers Suffer.

New York—Reports received at
political headquarters here indicate
that Bryan's declaration in favor of
government ownership has suggested to
politicians in many states that a
municipal ownership platform would
attract voters, and in consequence,
in many communities, unscrupulous
politicians are advocating it in the
hope of catching the popular vote and
of making themselves a power in office
if elected. They care nothing for the
dangers to the municipality; they ig-
nore the fact that many cities which
have acquired their own plants for
furnishing public utilities are eager to
be rid of them, and that in many cities
and towns they have been an utter
and costly failure.

They find, however, that the cry for
municipal ownership is most valua-
ble to them, for it can be presented
in such an attractive manner that it
gains the support of thoughtless vot-
ers who will not realize what they
have done in supporting it and its ad-
vocates until they are called upon as
taxpayers, to pay heavily for their
folly.

The Columbus, Ohio, municipal
lighting plant has already been taken
over and proved a failure. An origi-
nal investment of \$20,000 has had to
be increased to half a million and
now the plant greedily requires \$140,-
000 more for which the city council-
men are afraid to ask the citizens. As
it is the city is now paying private
companies \$200 a night to light streets
which the municipal plant cannot
light.

La Porte, Ind., which acquired a
municipal water plant, has defaulted
on the payment of its bonds and in-
terest since 1904 and suit has been
commenced asking that the property
be sold and a receiver appointed.

The citizens of Seattle last month,
after a careful investigation of mu-
nicipal ownership plants, voted against
that city acquiring its own street rail-
way.

Boston, Chicago, Omaha, Muncie and
Marion, Ind., Richmond, Va., Wheel-
ing, W. Va., and many other cities have
all had experience with municipal
ownership which they regret and
which cost them heavily.

Mr. Dalrymple, the Scottish expert
on municipal ownership, after an ex-
amination of conditions here, declared
that municipal ownership could not
be made a success in this country be-
cause of the dominant political condi-
tions.

Experts recently reported at a con-
vention of illuminating companies
that at this moment municipal own-
ership in this country is a mere po-
litical expedient.

Other experts who have made in-
vestigations for cities contemplating
the purchase of private plants and
converting them into municipal plants
declare that in numerous instances
of municipal ownership appointments
to the public service are made on a
basis of political favoritism with no
adequate regard for the efficiency
of the employees; that the adminis-
trative bodies are "honeycombed" with
graft in the purchase of supplies; and
that the public funds are not guarded
with the same sense of economy as
the funds of a private corporation.

Doctors Say

"Drink Beer"

Distinguished Physicians Are
Leaders of the Opposition to
Total Abstinence.

In the United States and throughout
the civilized world there is fast-grow-
ing, determined, intelligent opposition
to the total abstinence crusade and
those persons are now recognized as
the real temperance workers—tem-
perance workers with a mission—who
advocate the substitution of mild,
healthful beverages, like beer, to take
the place of strong liquors.

The most learned and distinguished
physicians advocate the moderate use
of stimulants, and they agree that pure
beer is best of all. Prof. C. A. Dwyer, M. D., one of
Europe's most renowned scientists, says:
"A moderate use of stimulants, with-
in the limits of prudence, is not only
permissible, but necessary, especially
if the mental or physical efforts of the
individual are excessive."

We might go on and enumerate
thousands of similar expressions from
men of equally high standing in the
medical and scientific world, but space
forbids. It should suffice to say that
throughout the world, the popularity
of beer as a healthful, mildly stimu-
lating, temperate beverage is increas-
ing, and with the increased popularity
of beer comes greater temperance
among the people.

According to the greatest physicians
and scientists, there is actual need
among all people for such a berver-
age as beer. The best beer, Pabst
Blue Ribbon, contains only a little
over three per cent of alcohol and is
rich in wholesome food elements. It
is truly a temperate drink. All doc-
tors agree that this small percentage
of alcohol is not enough to be intoxic-
ating—it is exceedingly beneficial be-
cause it stimulates digestive activity
and nerve force. The food strength
of the beer makes it nourishing to
body and mind alike.

Those who appreciate the very fin-
est quality in beer drink Pabst Blue
Ribbon Beer, because they know it is
its absolute purity and cleanliness, its
superior food value, derived from Pabst
exclusive eight-day barley malt, and
its low percentage of alcohol. Pabst
Blue Ribbon Beer, the choicest of all
bottled beers, is the beer to keep in
your home—the best beer to drink
and the most healthful—Adv.

A few days ago a gentleman advertised through these columns for an office girl and bookkeeper and after the little announcement had appeared in The Gazette twice he received ten replies. A number more have come since. This is merely a demonstration of the fact that these Want Ads or Classified Columns are read carefully. There are so many little worrisome things that can be settled and put out of the mind through the little Want Ad. Very often you find yourself wondering how to get word to the public about something, how to dispose of something, or how to secure something. If the value of these columns for just such purpose can be impressed upon you so that you connect The Gazette Want Ad immediately with the thought we know we will have accomplished a considerable good to you. Seven words count for a line in these columns and 3 lines go 3 times for 25c. The Semi-Weekly Gazette is published Wednesdays and Saturdays; 3 lines go 3 times for 25c. Telephone your advertisement if you cannot send or bring it to the office.

WANT ADS.

WANTED.

- WANTED—Two good mechanics. Apply to John H. Boring, Supr. Janesville Barb Wire Company.
- WANTED—A competent woman or girl for general housework. Mrs. W. H. Palmer, 5 N. East street.
- WANTED—An experienced dressmaker can accommodate a few more customers by the day. Address: Winifred E. Moyle, care of Kellogg's Nurseries; Wisconsin phone 3061.
- WANTED—A competent girl for general housework; good wages; small family. Apply at 105 St. Lawrence place. Mrs. J. L. Hostwick.
- WANTED—Experienced bookkeeper, male. Inquire at this office.
- WANTED—Girl for housework. Mrs. H. H. Bliss, corner Jackson and South Second streets.
- WANTED—Work in sugar beet harvest or corn husking. Wm. Jude, 75 Pearl St.

Before The Footlights.

COMING THEATRICAL EVENTS

Thursday evening, Oct. 25—Rose Melville in the Hoosier comedy, "Sis Hopkins."

"Sis Hopkins" Tonight.

Four years ago when Miss Rose Melville was making her first tour of the far west in "Sis Hopkins," that delightful pastoral play of Indiana country life in which she has been seen for eight consecutive seasons and whose title role she originated, the company was billed for one performance in a stop-over town in Nevada, a mining town of tents and shacks. As everywhere Miss Melville made a per-

sonal success of the engagement and the audience of mining men and prospectors who were digging into the earth, was loud in its approval of the triumph of virtue over the wicked villain. The performance was played in a long, low-roofed building which was nearing completion for hotel use. After the performance two of the miner men, who came from the Hoosier State insisted on shaking hands with Miss Melville. They were partners and had staked out three claims. One they announced their intention of calling "Sis Hopkins" and declared the actress in as a one-third owner.

Miss Melville accepted the complimentary expressions as coming from rough, warm-hearted men and the incident became a pleasant memory of a picturesque tour. She heard nothing more until late in the past summer when she received a letter from the mining town where she played four years ago, situated near Goldfield, Nevada, which was a most excellent

mainly well sustained.

Andrew Johnson, having been most signally and overwhelmingly defeated at the polls in all the states that have spoken, now means to attract public attention by attempts to divert public attention from himself and his lost cause, by bullying England in regard to the Alabama claims, and pretending to enforce the Monroe doctrine in Mexico. Andrew Johnson has no more right to make trades with the French relative to Mexico, than he has to dictate to Congress how the rebel states shall be reconstructed. Nor has the poor man any idea of going to war with John Bull. He is simply trying to carry the New York election and this is his latest trap to catch votes.

The News

The United States Consul at Toronto Saturday evening received a telegram from Secretary Seward instructing him to engage counsel for all American citizens at the expense of the United States Government.

James T. Jones of Fauquier county, Va., nephew of the late Chief Justice Marshall, was recently killed by a neighbor in a quarrel that originated during the war. Jones, having charged his murderer with piloting federal troops to his house.

Brigham Young has been making another harangue to his people, in which he proposes to introduce certain reforms. The Salt Lake City "Vindicator" of the 5th inst. says that he denounced the "whiskey holes" and gambling halls, declaring he would suppress all those "spots of iniquity." The "Vindicator" promises that now the church will monopolize the sale of liquors, etc.

NEWS OF THE COUNTY

EDGERTON

Edgerton, Oct. 24.—The members of the Eastern Star, held a banquet in their chapter rooms at 6 o'clock on Tuesday evening. About twenty members of the Cambridge lodge, drove over to assist in the initiation which followed. Mrs. H. H. Houle of Edgerton being initiated.

Raywood & Jeannon's Enterprises will present "Old Kentucky Home" at Royal hall on Friday evening, Oct. 26.

Dr. and Mrs. J. B. Miller were Janesville callers on Saturday.

Anna Nelson spent Sunday at her home in Stoughton.

T. B. Barle and P. C. Brown were Janesville visitors the last of the week.

Helen Head came down from the varsity Monday for a few days at home.

C. P. Tontou and Henry Johnson were business callers in Jefferson, Port Atkinson and Lake Mills on Monday.

Misses Wilma, Hattie and Emma Seibel were over Sunday guests of Mrs. Seibel in Janesville.

Emile La Paré opened a bakery on Tuesday in the Stillman store on Swift street.

R. M. Richie was a Sunday visitor in Lake Mills.

Mrs. Devereaux of Chicago is a guest at the home of Mrs. W. Brown.

Miss Phoebe Mae Roberts, the well known reader, has been added to the list of our lecture course attractions, making five numbers.

Claude Hendricks of Janesville was a local caller on Tuesday.

Mrs. Duffy is very ill at the home of her daughter, Mrs. Flaherty.

Miss Grover witnessed a "Strong heart" in Madison on Tuesday evening.

Wm. Warm of Janesville was a local caller on Tuesday.

While Dr. Keenan was making a call on Tuesday his horses became frightened at a passing auto and broke loose from the post to which they had been fastened, damaging the buggy and harness quite badly.

ROCK PRAIRIE

Rock Prairie, Oct. 24.—The Lowell Hardware Co. is placing a new Gilt Edge furnace in the paragonage this week and our pastor is getting real anxious for winter.

Mrs. Margaret Barlass and daughter Christina have returned from Chicago, where they have been visiting relatives for the past month.

Earl Kemp is the possessor of a fine new runabout.

The eighth annual lecture course of the Rock Prairie Young People's society will open on next Monday evening, Oct. 28, with a concert by the Earl R. Drake company. Each number on the course comes to us well

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are selected from Nature's laboratory, being medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles than the alcohol usually employed in making medicines. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Dr. Pierce's plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, growing emaciation, nervousness, at all kinds of derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the membranes, as catarrh, whether of the nose, throat or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In chronic Catarrh of the Nasal passages, it is well while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages frequently two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and bronchitis caused by bronchial throat and lung affections, except consumption in its advanced stages, it is a most efficient remedy. It is especially in those obstinate, long-continued coughs caused by irritation of the bronchial tubes, that the "Golden Medical Discovery" is not so good for acute coughs as for chronic ones. It is a most efficient remedy from sudden colds, nor must it be expected to cure a cold in its early stages. The medicine will do that—but for the most obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

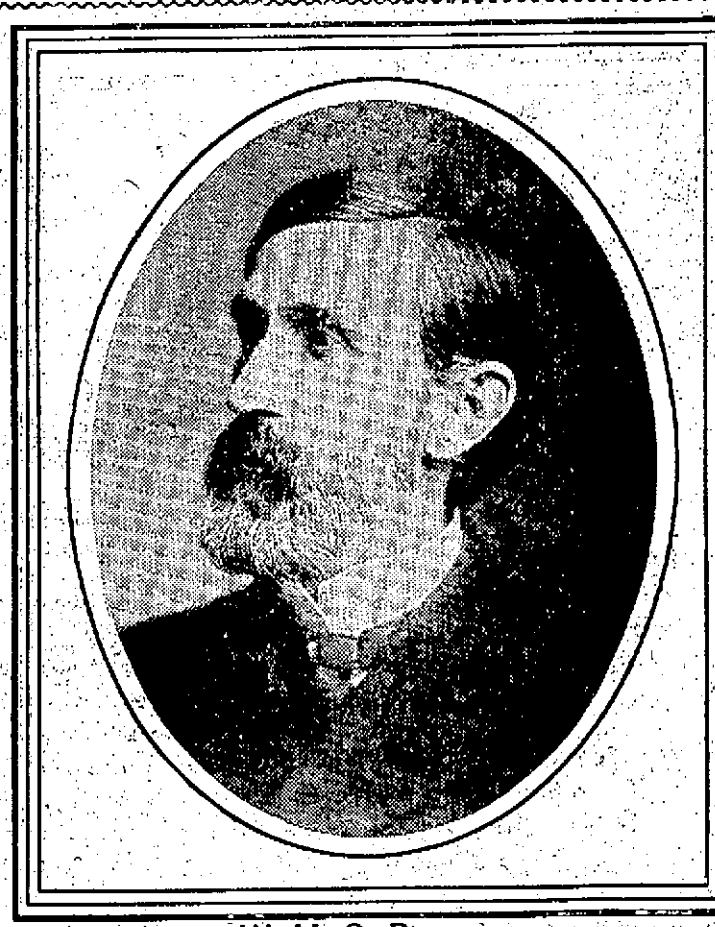

BEN HENDRICKS IN "OLE OLSON"—HERE SATURDAY

clever acting company, supporting Mr. Hendricks who is provided in this comedy drama with a most excellent vehicle for the exploitation of his talents, these combining a graceful acting with an exquisite beautiful singing voice. During the action of the play Mr. Hendricks will sing six new songs, giving ample opportunity for the enjoyment of his rich melodious voice. "Fair Land of Sweden," "Northland Lullaby," "Open Your Mouth and Shut Your Eyes," "Strawberries," "A Swaggar Swedish Swell," all gems of music. This engagement will open Saturday, Oct. 27, matinee and evening.

Sam Bernard's Success.

Echoes from Boston are to the effect that "The Rich Mr. Hogenheimer" is the most humorous play ever written by Sam Bernard, and predictions are made that when it goes to New York it will have a whole season's run.

W. M. O. Dawson.

Governor of West Virginia.

Janesville Daily Gazette, Thursday, October 25, 1866.—Theatre This Evening.

A Skin of Beauty is a Joy Forever

DR. T. FELIX GOURAUD'S ORIENTAL CREAM OR MAGICAL BEAUTIFIER

"Gouraud's Cream" is the least harmful of all the skin preparations. For sale by all druggists and Fancy Goods Dealers in the United States, Canada and Europe.

Those who anticipate visiting "Lupinus Hall" this evening may be interested in reading what the Madison Journal says of the performance in that city on Tuesday evening.

"There was a large audience filling the City Hall last evening to witness the presentation of 'Our American Cousin' by Laura Keane and her company, and the performance, as a whole, gave great satisfaction. Laura Keane, who was most elegantly attired, rendered the character of Florence Trunchbull with great power. Mr. Alderman, as Abie Murcott, was unsurpassable. Mr. Otis acted Lord Dunderbory to perfection, the effect of his appearance in that character being considerably aided by his frequent changes of attire. Mr. Hawk gave the many-sided character of the American cousin, Asa Trunchbull, its full force, his performance now being liked much better than last winter. Mr. Tyler personated Cole in a manner that could hardly be improved upon. The other characters were

No more Alcohol

As now made, Ayer's Sarsaparilla does not contain the least particle of alcohol in any form whatever. You get all the tonic and alterative effects without stimulation. When a stimulant is needed, your doctor will know it, and will tell you of it. Consult him freely about our remedies. We have no secret! We publish the formula of all our preparations. J. C. Ayer & Co., Lowell, Mass.

BORT, BAILEY & CO.

We Have Just Placed on Sale

75 New Tapestry Brussels Rugs

in large room sizes.

SIZES

9 ft. x 10 ft. 6 inches	\$11.00
9 ft. x 12 ft.	\$15.00
9 ft. x 12 ft., extra quality	\$18.00

This is the largest collection of popular priced Rugs ever opened in this city. They are all the Sanford Standard make, newest designs and colorings.

This is your opportunity to purchase a handsome floor covering at a moderate price.

BORT, BAILEY & CO.

A SALE OF TAILORED SUITS AT \$15

Ladies' and Misses' Sizes

A collection of about fifty new, nobby, up-to-the-minute styles in tailored suits, selected while in the New York market. Being late in the delivery we were allowed a liberal claim and they are on sale accordingly. The greater portion are with the jaunty hip length jackets and pleated skirts and are such suits as are very practical for every service. They are made of tweeds in grey mixtures, of novelty suitings, of tartan plaids and plain colors of cheviot. Every coat is lined with satin and they are heavy enough for winter wear. There are sizes for large women as well as for small and medium; also 14, 1 and 18 year old misses' sizes. They are \$15 on sale at a choice.

Simpson DRY GOODS

Recommended and no one can afford to miss it.

There will be a box and shadow social at the home of S. G. Godfrey on Friday evening. All are invited.

Bills are out announcing the auction of H. A. and J. D. Crosby on Nov. 1. Mr. Crosby is as yet undecided as to where he will make his future home.

SIX CORNERS

Six Corners, Oct. 24.—Mrs. Henry Gray of Milton called on friends here last Saturday.

Mr. and Mrs. Herman Johns attended the fifteenth anniversary of Mr. and Mrs. O. B. Hall of Johnston Center Monday evening.

In observance of Robbie Gray's eighth birthday ten of his schoolmates and friends were invited in last Saturday to spend the afternoon with him. It is needless to say that they all had a merry good time.

William Smith has returned home from Iowa after an absence of a few weeks.

James Manogue entertained a cousin from Beloit a portion of last week.

Bert Cary and family will soon move onto the J. I. Bullis farm near Milton.

Mrs. Adelbert Rice, Mrs. F. N. Sumner, Mrs. Ed Carter and Mrs. Dexter Gray attended the German market at Milton last Wednesday.

CENTER

Center, Oct. 24.—There will be a musical and literary program at the Center Grange hall for the benefit of the Center Christian church, under the direction of Miss Zoe Cory, Saturday evening, Nov. 3. She will be assisted by a male quartet and others from Janesville. It will be a rare treat for all who come and all are cordially invited.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take the internal remedy. Hall's Catarrh Cure is a blood and mucous surfaces. Hall's Catarrh Cure is not a quick-acting medicine. It is prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the most powerful and purest of the best blood purifiers. The perfect combination of these ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials from Dr. J. C. Cheney & Co., Prop., Toledo, O.

Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

Coroner—William Bates, Beloit.

THE ELEMENTS OF FAILURE

Richard Harding Davis was sent to Cuba recently by the Collings to investigate conditions. Mr. Davis has always been a strong advocate of Cuban independence, but he has changed his mind. He is now fully convinced that the Cuban is incapable of self-government and, thus, he gives his reasons:

"There are three elements that ensure failure: the fact that the great number of Cubans, being unused to self-government, leave it in the hands of professional politicians; the negroes, who are professional rebels and who will follow any politicians against any president (of all the rebels I have seen in the field nine-tenths of them were negroes); and the politicians themselves, who would destroy any existing government of which they are not office-holders. They would sell their birthright for the chance to become anything from a custom-house inspector to a member of the cabinet, or, especially, one of those high officials whose duties may be carried out only in a red-touring car.

"The writer is not one of those who from the first clamored for annexation. On the contrary, in twenty years one who always believed that Cuba should be independent. No one who witnessed the struggles of the Cubans for freedom could have thought otherwise. But, in the light of this last exhibition of selfishness and childishness, and since meeting here in Havana and in the field the men who in this rebellion were the leaders of their fellow men. It would be foolish and credulous to believe the Cubans capable either of appreciating self-government or of maintaining it. Cuba is going to lose her freedom, and there should be no mistake as to who is responsible for the loss. The foreign press, and at home the anti-imperialist press, will accuse the United States of self-seeking, of aggrandizement, of, by any excuse, depriving Cuba of her rights.

"And such a charge will be unfair and untrue. It was the United States gave Cuba her independence. It is the Cubans who have destroyed it."

THE POLICE FORCE

More or less complaint exists about the police force, and the city marshal is criticised for lack of efficiency on the part of his men. There is but one trouble about the police force and that will continue to exist until the senseless law which causes it is abolished. The police force is civil service protected. That tells the whole story. Any man of ordinary intelligence can pass the examination, and the marshal is obliged to select from the police commission's list of candidates.

After they are selected he has no more authority over them than a postmaster has over a lot of civil service protected employees or the superintendent of a state institution over the people under him. It requires more than ordinary intelligence to make a good officer. In addition to this a man should possess common sense, courage and a level head. The marshal is a better judge

of men for this department than any board can possibly be, and he should not only be authorized to select his men, but empowered to discharge them when the good of the service demands it.

With due respect to the men who advocate civil service, it is a stupendous farce when applied to many classes of employees. It deprives the head of a department of authority, and when this is done labor invariably becomes a time-server.

What the people want and what they have a right to demand is service. This they are not getting from many civil service protected employees. The law should be abolished as applied to the police force and Rock county's representatives will render good service by taking the matter up next winter.

THE HOSPITAL

In another column will be found the action of the committee appointed by the Twilight club to promote the new hospital plan, which has been under discussion for the past ten days. The city is confronted with the proposition of doing something or doing without a hospital, and in this crisis it is fortunate that the Sisters of Mercy are ready to lend a helping hand.

It is difficult for the ordinary mortal engrossed in efforts to make money and get on in the world to realize that anyone should be willing to devote time, skill and energy to caring for suffering humanity for the pure love of mankind. And yet this is what the Sisters of Mercy are doing in all parts of the world.

The hospitals they establish are model institutions, so well conducted that they are universally commended. Janesville now has the opportunity to secure one of these hospitals and it will be the best investment along humanitarian lines ever made.

More than half the surgical cases now go to Chicago when they should be treated at home. The city has the surgeons and physicians competent to do the work and it should have hospital conveniences.

The notion prevails to some extent that the doctors should provide their own hospital, but this is never done except as a private institution. The fact is not appreciated that the average doctor contributes more in the way of charitable treatment than any other class of people.

They are called out night and day for all classes of treatment, and the question of pay is the last consideration.

A local physician had a charity case at the Palmer hospital three weeks last winter. He treated the case gratuitously and paid \$30 for hospital care, and the matron said that this is only one of many such cases.

The physicians will do their share but the citizens generally will be obliged to lend a helping hand if the present enterprise is carried to successful issue. The city needs the hospital and it can be secured if interest is substantially expressed when the citizens' committee waits on the people.

Much has been said about the money returned by the United States government as a war indemnity belonging to the trust funds of the state and the democratic party accuses the republicans of misappropriating these funds for political effect. Governor Davidson is authority for the statement that this money belonged to the general fund and he is in position to know.

The Rev. W. W. Boyd, pastor of the Second Baptist church of St. Louis, recently resigned after a long and successful pastorate. The reason given was that no minister could serve a wealthy church without stultifying himself. The reverend gentleman evidently missed his calling. The souls of men are supposed to be very much alike.

Who has been wronged by the Standard Oil company? Certainly not the public, for the price of oil has not materially advanced in twenty years. The men aggrieved are the small producers and dealers, who are unable to compete. The same complaint is made of department stores and mail order houses, but they continue to do business unmolested.

Hearst is spending money lavishly to secure the governorship of New York. He paid a theatrical company \$2000 the other night to vacate a hall where he desired to speak. The great Empire state will not humiliate itself by electing such a man as its chief executive.

The first Hebrew ever honored with a place in the cabinet is Oscar S. Straus, a wealthy merchant of New York and a democrat. The President has given him the portfolio of secretary of commerce and labor. The appointment is well received in New York where Mr. Straus is known.

Senator Burton of Kansas is serving time in the state penitentiary at Ironton, Missouri. He takes his sentence as a joke and his loyal wife regards him as a persecuted hero. This does not detract from the gravity of his crime nor the disgrace which he brought upon his high office.

Wall street claimed to be the great money center of the world until the Bank of England advanced its interest rates to six per cent and then Wall street took to the woods. Some radical changes are needed in our currency system before the United States can gain supremacy as the world's money power.

It is estimated that the weekly payroll of the United States for 1906 is \$100,000,000 a week. That means currency and coin, as checks are seldom used. This is a constant drain on the circulating medium and a good argument for making it more elastic.

La Follette will talk for Davidson.

but not for Connor, and so the Dane county committee will engineer him, instead of the state central committee. That's a strain of harmony with a discord, but it won't make much difference as to results.

The Rev. Judson Tittsworth of Milwaukee recently said in a sermon: "When you see a maner insult a woman knock him down." That's good advice and it followed there would be fewer masher.

The passenger receipts of the Penn Central road are increasing this year at the rate of \$4,000,000. The company abolished all passes the first of January last.

The Janesville franchise causes rejoicing all along the line. It is the best thing that has happened to the city in many a day.

PRESS COMMENT.

Another Dilemma Milwaukee Journal: It may be found difficult to fill a Carl Schurz chair at the U. W.

Again Almost Exchange: Mr. Edson gives the horse just six months to close up its affairs and retire. His new electric motor is perfected—almost.

His Home an Easy Guess Milwaukee Sentinel: And now a prominent preacher extols baseball as the "greatest, grandest and noblest" of all games. Chicago preacher, not Boston.

Corrected Chicago Tribune: No, "Constant Reader," Uncle Sam is not trying to provoke trouble with Japan for the purpose of getting rid of the Philippines.

By the Good Old Method Sheboygan Journal: The Green Bay city council is pondering over a bill for \$27 for buying dead cats. We get rid of ours, Mr. Sheboygan, by throwing 'em over the fence into some other fellow's yard.

Must Be Something Terrible Exchange: The Independent Order of Rechabites has declared in favor of the army canteen. The Rechabites are the oldest temperance order in America and the members know what it means to be thirsty.

This Is Politics Milwaukee Sentinel: Says Speaker Cannon of Bryan, Hearst, et al. "If you put all of that kind in a bag together and shake them up they'd come out either skunk or polack." Altogether unfair to Bryan, Mr. Cannon, but—

Hearst's Sans-Teeth Rake Butte-Butte Mountain: With the kind attention of the country Mr. Hearst will now give an exhibition of a fearless patriot in the great act of combing the hair of the Tammany tiger with a toothless muck rake.

Job for Habitual Drunk Green Bay Gazette: Dr. Wiley is to experiment upon a "Poison Squad" for the purpose of testing the effect of liquor upon the stomach. Here's a job for the habitual Ford Co. Joe drunk who can't get a drink because his picture gets there ahead of him.

K. of P. Insurance Exchange: The Knights of Pythias are going to abandon fraternal insurance methods and adopt the American experience table as a basis for computation and a 3 1/2 per cent basis of accumulation. That is sound and commendable the good sense of the order.

"S" Springs in Auto Wheels Oshkosh Northwestern: A new automobile wheel which has been recently invented has spring steel spokes bent in the shape of a letter "S" and with just a little stretch of the imagination one can see in these spokes the sign of the cost of the machines, which is to say the \$ sign.

Yea! Milwaukee News: It is announced that Walter D. Corrigan, assistant attorney general under the La Follette administration, a member of the law firm of Kronshage, McGovern, Corrigan & Fritz, has been appointed attorney for the Wisconsin Central railway by the new management. "How we reformers" do hate the corporations!

LOCAL PARAGRAPHS.

"A Mad Love" Miss Lydia Powell and her company appeared before a rather small audience at the Myers theatre last night in "A Mad Love." The melodrama was adequately presented by good principals and a fair cast.

Talked to the Deaf: Gov. Davidson addressed 300 children of the state school for the deaf at Delavan on the day following his Janesville address. His remarks were interpreted in the sign language by W. A. Cochran.

To Train in Mexico: The world's champion White Sox who will pass through here tomorrow on their way to El Estero will do their early spring training in the City of Mexico.

Present Day San Francisco: According to letters received from Kramer Doty, son of Mr. and Mrs. E. P. Doty, thieves are terrorizing San Francisco to such an extent that it is hardly safe to venture on many of the streets at night. The relief warehouse on Geary street is packed to the ceiling with supplies, so that none should go hungry this winter.

To Defend Miller: Judge C. L. Field has appointed Attorney Harry L. Maxfield to defend Joseph Miller, the German baker from Milwaukee, who is charged with attempted burglary of the Lawrence home at 213 West Bluff street.

Leo Rooney Wrong Name: An injustice was unintentionally done Leo Rooney of Racine street in the Gazette of Friday last when it was stated that he had been found in a drunken condition and asleep on the Northwestern tracks near the High street crossing. It now develops that the man in question was another Rooney but his given name is not registered at the police station where he spent Thursday night.

Art League Meeting: The Janesville Art League will meet in regular session at the home of Mrs. M. E. Smiley, 126 Milton avenue, Friday afternoon, Oct. 26, at three o'clock. The subject will be, "Early Colonial Painters."

To Organize Club: The company of

young men who participated in the farewell banquet for Burns Brewer last evening decided to organize a club and secure rooms. A committee consisting of William McNeil, Stanley Woodruff, Hugh Hemingway, Samuel Echlin, and Fred Green was appointed to make the preliminary plans.

WEATHER.

Temperature last 24 hours taken U. S. registered thermometer at Helm-street's drug store: 7 a. m., 44; 3 p. m., 54; highest, 56; lowest, 42; wind, southeast; pleasant.

LADYLIKE TRAINING BROUGHT TO AN END

Varsity Football Team Is Said To Have Become A "Machine Of Speed" In A Single Day.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Oct. 25.—Wisconsin's football team has been transformed in a day from a bunch of novices to a machine of speed and accuracy with an assortment of new plays that seem to work well in hard scrimmage against the freshmen. From now on Coach Hutchins says he will pump speed into the varsity in preparation for the Iowa game, a week from Saturday. The team lay in practical idleness for three days, fooling around on Randall field in the afternoons and practicing signals and new formations in the gymnasium at night, then Hutchins ordered the steam put on and the freshmen were bumped in the hardest scrimmage of the year.

The play which Hutchins has evolved as the chief instrument of the undoing of the haykeys is a shift formation in which the back field and one side of the line runs together laterally about ten yards out, and then the man with the ball is supposed to cut down the field, "bing" for a touch-down. Against the light freshmen the play is a hummer, and Coach Hutchins has great faith in it. He believes it will work against Iowa's strong team and will keep the varsity at work on this with variations for the next week. "Cody" Clark, Stielm, Captain Gelbach, Johnson and Springer are the main stays of the badgers. Clark especially is proving a tower of strength in the backfield. Curtin, who has taken Soukup's place at halfback, predicted to be pounded into such form that he will be a creditable successor to the fast fellow whose leg was broken in a flying tackle last Saturday.

The badger "W" men, fellows who have won the official letter of the university by their athletic management, always were admitted to a free of charge to athletic performances when they wore their letter of honor, but a new rule was attempted this season by the economical and "gruff" phobia management. Such a howl went up when old stags were asked to contribute at the gate that the rule was abandoned and the "W" men now walk freely into the grounds without stopping at the ticket office.

A Good Suggestion Necedah Republican: There is no reasonable excuse for any man to live in a town if he doesn't like it. If you have no word of commendation to say for your town, its institutions, or people, emigrate. You won't stop the town clock by going away. The church bell will have the same musical ring, the little dogs will play just as well, and the pure air, bright sunshine and sparkling water will have the same health-giving properties.

A Safe Proposition George F. Grassie in Evening Wisconsin: Mayor Becker couldn't see any use in getting excited and so just read the state platform for his speech last night. Who says he is not a clever old fellow? Some spellbinder will get up and read the ten commandments next. And that will be the best political speech yet.

There's a Difference in Men's Clothes

We have the "different kind" — the nifty kind — the kind you admire on the other fellow.

Just satisfy yourself. Look us over. Try on a few garments. It is a pleasure to show such clothing.

Suits and Overcoats \$10 to \$30.

CITY NOT TO BE FOUND WANTING

TWILIGHT HOSPITAL COMMITTEE EXPECTS \$5,000.

FOR MOST WORTHY PROJECT

Proposed Institution Will be Non-Sectarian—Citizens to be Represented on Board of Trustees.

The hospital committee of the Twilight club had another meeting last evening and decided to make an active campaign for funds at once as the Palmer hospital is liable to be sold to outside parties for a private sanitarium. This would leave the city without a hospital.

Mr. Baines and Mr. Parker of the committee had an interview yesterday with the Mother Superior who represents the Sisters of Mercy. They said it was refreshing to meet any one whose sole ambition was to help humanity, and this is the motive which inspires the sisters in their work.

The organization is similar in some respects to the Red Cross movement. The salary list is eliminated, the Mother Superior herself receiving nothing for her services. She said yesterday, "What a nice thing it would be if the good people of Janesville would turn over the hospital to us free from debt. Then we could go on and enlarge it at once and make it a modern institution."

This can hardly be done unless some philanthropic person comes to the front with a liberal endowment. The committee, however, will make an effort to raise \$5,000. The Sisters can then assume the mortgage and use some available funds for an addition next year.

The verbal agreement with the Mother Superior, on the part of the committee, is to the effect that the citizens are to be represented on the board when organized, the property to be located in the Sisters'.

A room to be maintained for emergency cases. Trained nurses are to be in attendance and a class of student nurses maintained.

The management is to be strictly non-sectarian and its permanence assured by the Sisters.

If the money can be raised an agreement in writing will be entered into between the Twilight Club committee and the Sisters.

Dr. Palmer has some \$2000 invested in furnishings which he proposes to donate and supplement the same with \$200 in cash. Mr. Smith and Mr. Bliss will call on the physicians who are expected to contribute liberally, and Messrs. Howe, Parker and Baines will wait on the citizens.

The movement is entitled to every encouragement, for a hospital is a necessity and this is an opportunity to place it on a permanent basis for all time to come.

Every physician in the city will be invited to join the hospital staff and the emergency work divided up in staffs to serve three months.

Dr. Buckmaster says that he was called recently to the city lockup to attend a man with a dislocated shoulder. He belonged in the hospital but there was no way to get him there. This is only one of many cases that happen during the year, and it is a disgrace to the city.

If the citizens are disposed to meet the Sisters half way on this proposition there will be no further cause for complaint.

HUGH CRAIG GIVEN CHARGE OF OFFICE

Permanently Located in Minneapolis as Representative of Janesville Machine Company.

Hugh M. Craig, who for the past several months has been representing the Janesville Machine Company through Iowa and other Western States, has been placed in charge of the Minneapolis office of the concern. This is a good promotion for him and his many Janesville friends will be glad to learn of his success.

DEFENSE CLAIMS CONSPIRACY TO EXTORT EXISTS

Attorney For H. W. Bliss Says Criminal Action is Brought to Make Civil Suit Possible—Alleges Small Children Were Abducted.

Shortly before noon today the prosecution in the case of the state versus Horatio W. Bliss on a statutory charge rested, all testimony for that side being in. Attorney William Smith stated the case of the defense and this afternoon the witnesses for that side are being examined in municipal court. Mr. Smith made startling charges against the prosecution and promised some sensational evidence. He said it would be shown that there was a conspiracy to extort money from the defendant. That the present criminal action was brought after a civil suit on the part of the complaining witness against the defendant had failed, the purpose being to gain evidence for a similar suit to follow. He further claimed that Henry Ulrich, the complaining witness, had secured a writ of replevin from the justice courts in order that he might endeavor to secure evidence from his children who were in charge of Mr. Ulrich on the Bliss premises and that later these children were abducted by the prosecution and brought into the city where in a private room they were "sweated" to obtain testimony against their mother and against the defendant.

FIVE SUITS VS. ROCK COUNTY SUGAR CO.

Civil Action for Recovery of Wages May Be Followed by Criminal Case.

Alleging that they were brought here from Chicago to work on the shoveling gang at the beet sugar factory and discharged without pay after two days of laboring, five American women have commenced suits for the recovery of wages through Attorney John L. Fisher against the Rock County Sugar company. The complaints which have been filed in Justice Reeder's court claim that the money due the men was kept to collect their railroad fare and pay for their board at the "camp," while the men on being hired were assured that the company would pay their transportation expenses. The case is set for Tuesday the 30th. The men were brought here Sunday and worked both Monday and Tuesday. They slept in the city hall last night and the city furnished them meals. Should the cases be decided in favor of the complainants it is possible that a criminal action will be commenced against the defendants under section 1515 Wisconsin Statutes, which says: "Any person who shall bring or remove, or cause to be brought or removed any person from any place without the state into any town within, with intent to make such town chargeable with his support, shall forfeit fifty dollars; and the justice or court before whom such person shall be convicted of violation of the provisions of this section shall, by its judgment, require of such persons satisfactory security that he will, within a reasonable time to be fixed, transport such persons out of the state or indemnify such town for all charges and expenses which have been or may be incurred in his support; and in case of neglect or refusal so to do commit such person to the county jail for a term not exceeding three months."

It will be remembered that sewer contractors Hanrahan and Lindquist were forced to ship fifty Italian laborers back to Chicago under this law some two years ago.

ST. CRISPIN FEAST FORGOTTEN BY ALL

Celebration Inaugurated Forty Years Ago by Wisconsin Shoemakers Goes by Unobserved.

[SPECIAL TO THE GAZETTE.]

Milwaukee, Wis., Oct. 25.—The feast of St. Crispin, which occurs today, is an anniversary now forgotten by the shoemakers and most everyone else, though there was a time when the day was religiously observed in many parts of this country. One of the pioneer labor organizations of the United States was the Knights of St. Crispin, which was composed of shoemakers. The movement was started in Wisconsin just forty years ago and spread rapidly eastward. Its aims were similar to those of the labor organizations of today, but the principles upon which it was conducted were different. After flourishing a few years the organization became defunct and is now scarcely remembered, even by the oldest members of the craft.

St. Crispin, in whose honor the organization was named, was a shoemaker, preacher, a teacher of the Christian religion in barbaric Gaul, and he suffered a cruel martyrdom at the hands of the heathen Roman Consul of Gaul, in 287. There is a tradition that he preached by day and made shoes by night and gave them to the poor, an angel supplying him with leather.

BRIEF LOCAL NEWS.

Covering Fountains. The display fountains on the Corn Exchange and in the courthouse park have been shut off and cleaned and will be covered for the winter.

Lecture at St. Peter's Church. Tomorrow evening at eight o'clock Rev. H. K. Gebhardt of Plattville will deliver an address in the lecture room of St. Peter's English Lutheran church. The discourse will be upon "The Twentieth Century Young Man" and is under the auspices of the Luther League. Everyone is invited and no admission will be charged.

105 People in Company. A. O. Duchemin advance man for "The East and the Girl" in which Eddie Foy is starring was in Janesville today. The company comes here next Thursday evening. It contains 105 people.

BURN TAYLOR'S CLEAN COAL.

BERLINER WOULD LOCATE IN CITY

STANDARD OPERA CO. CONDUCTOR HAS A PLAN.

FOR BIG ORCHESTRA HERE

Thinks Janesville's Wealth of Musical Talent Could be Exploited in Great Choral Society.

Rudolph Berliner, leader of the orchestra which accompanied the Standard Opera Co. on its recent visit here, will locate in this city at the close of the season, next spring, if it is found upon investigation that the proper encouragement can be given him. Some of the leading musicians in the city who have been consulted with regard to the matter are of the opinion that Mr. Berliner is just the musical Moses Janesville has been looking for, that he can, if he will, make the town one of the most important art centers in this quarter of the west.

Choral Society Plan

Should he decide to come it would be with the purpose of not only organizing an orchestra here, but of forming a big choral society which could foster musical festivals in which noted artists might figure and home talent operas and similar entertainments at various times during the year. He would also expect to take charge of a church choir and open a studio.

An Experienced Conductor

When the orchestra was playing its spirited "recessional" at the close of the performance Tuesday evening, more than one of the audience was heard to remark: "My, wouldn't that take you off your feet in a dance hall?" or words to that effect. The concert of classic music at the Blind Institute during the afternoon preceding made a fine impression. Mr. Berliner was for many years identified with the Metropolitan orchestra of New York City. Subsequently he was conductor of an orchestra in Cleveland. He is a graduate of one of the leading conservatories of Germany. Personally he is a man of pleasing address and great personal magnetism, as was demonstrated by the appreciation shown of his work during the two evenings here.

The "Business End" of A Stove

Is the Firepot.

and the firepot is as clean as a whistle. No poking, no fussing, no muss, no dust—it's the most durable firepot ever placed in a stove, too—always ready for business—and will save you a ton of coal every year you use it.

It's the easiest thing in the world to make a firepot Wrong—so easy that you'll find most all of them wrong—wrong construction, wrong principles; there has been no improvement on the actual "business end" of a stove for 50 years until the two-piece center draft revolving firepot was placed in the Garland and Riverside Stoves. The firepot is in two pieces—that's to allow the air to pass into the fire between the two pieces instead of all coming in at the bottom—hot fire where you want it—at the outside edge instead of the middle, where you get little radiation from it; and the lower piece revolves—just put the crank on, give it a turn, and the firepot is as clean as a whistle.

WASTE PAPER BOXES TAKEN FROM WALKS

Unused Conveniences Will No Longer Tear Dresses of Women as They Pass.

Not having done the service that was expected of them the waste paper boxes which were placed on the walks at various points in the business section of the city more than a year ago are to be removed and shipped back to the owners, H. L. Pier & Co., of Dubuque, Iowa. These boxes were furnished the city free of charge, the owners reaping a profit from the advertising that was painted upon them. A few residents made use of the conveniences for a time but of late hardly a scrap of paper has been deposited in any of these receptacles. The owners wrote a letter of inquiry to City Clerk Badger regarding the removal of their permit to have them in the streets. The clerk made inquiries of various policemen and found that sentiment was against the boxes, many valuable dresses having been torn on their rough corners. On receiving this information the company asked the return of their property. The clerk is complying with the request but has thus far located but four of the five boxes. The one which stood on the south side of Milwaukee street bridge has disappeared and a survey of the nearby alleys will be made. There are some, however, who believe that the missing box can only be located by a submarine diver and rescued with grappling hooks.

SPARKS FROM THE WIRES.

The opening session of the American Friends' conference on foreign missions was held at Richmond, Ind. George C. Harding, white, and Frank Aldrich, colored, were instantly killed in a gas tunnel at St. Paul. R. G. Smith, claiming to be a graduate of Annapolis, was arrested at Mobile, Ala., on the charge of impersonating a United States recruiting officer. Orders were issued at the navy department for the cruisers Minnesota and Newark to be put out of commission on their arrival at the navy yards. The crews were needed on new vessels. The American Antiquarian society held its annual meeting in Worcester, Mass., electing Rev. Edward Everett Hale president to succeed the late Stephen Salisbury of Worcester. The President received Father William H. Ketchum, the director of the bureau of Catholic Indian missions, who introduced a small delegation of Oklahoma missionary priests.
